RE: Claim G620919 for Paul Adams, F92755

Dear Paul Adams F92755,

The Victim Compensation and Government Claims Board (Board) received your claim postmarked October 09, 2014.

Claims for money or damages presented not later than six months after accrual of the cause of action are timely, and the Board believes the court system is the appropriate means for resolution of such claims because the issues presented are complex and outside the scope of analysis and interpretation typically undertaken by the Board.

The Board also received, and will review your application for leave to present a late claim (late application) for damages that occurred more than six months and less than one year after accrual of the cause of action. Once the Board makes its determination, the timely portion of your claim and the late application will be scheduled for action at an upcoming Board meeting. You will receive advanced notice in writing of the Board's determination and the meeting date.

Finally, the Board has no jurisdiction to consider claims presented more than one year after accrual of the cause of action, pursuant to Government Code section 911.2.

If you have questions about this matter, please mention letter reference 58 and claim number G620919 when you call or write your claim technician or analyst at (800) 955-0045 or (916) 491-3700.

Sincerely,

Government Claims Program
